

1. Read and mark your ballot carefully.

Use only the following marking device(s): _____

Fill in each voting target completely next to your choice. Do not use an X or a ✓. Ballots that are not marked correctly cannot be counted.

Each office title lists the number of candidates for which you may vote. Do not mark more voting targets than that number. You may choose to vote for fewer candidates, or you may skip any race.

If you mark too many voting targets in a race, the votes for that race cannot be counted. The other correctly marked races will be counted.

To cast a write-in vote for a person whose name is not on the ballot, write the name on the write-in line below the candidates' names and fill in the voting target in front of the name you wrote.

2. Review your ballot.

Do not erase, cross out mistakes, or make any mark that would identify your ballot later. If you make a mistake, place all voting materials in the return envelope. Write "SPOILED BALLOT" on the return envelope. Mail or deliver the envelope to the county auditor and request a replacement ballot.

3. If a secrecy envelope was provided, place the voted ballot in the secrecy envelope. If no secrecy envelope was provided, go to step 4.

4. Place the voted ballot or the secrecy envelope containing the voted ballot in the return affidavit envelope.
